

## ALTA Makes Changes to Boundary Expansion Plan

Below are the details of the new tennis and pickleball boundaries for ALTA.

### Tennis:

All of Forsyth County and the City of Canton will be included in the new tennis boundary. There will be no additional annexation from either the Forsyth County or City of Canton borders. The ALTA annexation boundary will roll back to the original 10-mile limit. With the multiple number of tennis leagues and levels ALTA offers, there was not enough demand from new teams and/or new members to create density and justify the additional 5 miles annexation expansion.

### Pickleball:

All of Forsyth County, the City of Canton, and the City of Gainesville will be included in the new pickleball boundary. There will be no additional annexation from either the Forsyth County, the City of Canton, and the City of Gainesville borders. The ALTA annexation boundary will roll back to the original 10-mile limit. The growth and participation of pickleball facilities and teams in Gainesville far exceeded our expectations leading to its inclusion in our new boundary area.
